### **About Guardian Angels for Soldier's Pet:**

Guardian Angels for Soldier's Pet is an ALL volunteer 501(c)(3) non-profit military support organization supporting military service members, wounded warriors, veterans and their beloved pets through their Foster Home and Military Pet Assistance programs aimed at reuniting the pet(s) and owners following deployment (combat, humanitarian, peace-keeping related) or an unforeseen hardship. The organization is also working on establishing their first Military, Veteran and Pet (MVP) Sanctuary to provide a temporary home-like environment for pets until an official foster home is found.
