Online Information Collected

Guardian Angels for Soldier's Pet does not collect personal information (full name, mailing address, phone #, and email address) from those visiting our site other than the personal information (such as name, email address) requested from a visitor signing our Guest Book and the visitor has the option not to provide this information.

Personal information such as name, mailing address, phone number, and email address is collected by Guardian Angels for Soldier's Pet as provided by the visitor by accessing the forms available online that can be printed, filled in, and mailed to our postal address shown above or via email to our main email address shown above.

Confidentiality

Any personal information provided to our organization is not shared outside of Guardian Angels for Soldier's Pet, except as required by law, is considered as confidential information and only shared with those within the organization that has a need to know. We follow the OPSEC (Operations Security) guidelines as shown here in regards to confidentiality and sharing of information. In addition for security purposes and to ensure we are following OPSEC guidelines, we do not provide either the military pet owner's name or the pets name or the exact location where the pet is being fostered.

How Your Personal Information Collected Is Used

Unless you otherwise consent, we will use your personal information only for the purpose for which it is submitted, such as to reply to your emails, to register you as a member of our organization, or to process donation requests via PayPal or via mail, apply to be a foster home care giver, or submit pet requested information. At anytime you may request your personal information from any of our lists (donations, newsletter, etc.) or wish to send comments or have a problem with any information appearing on our website via one of the following emails:

- [Comments / Questions](#)
- [Foster Home Questions](#)
- [Military Pet Questions](#)
- [Newsletter Questions](#)
- [Webmaster Questions](#)
- [Communications / Media Questions](#)

How Your Information May Be Shared

Guardian Angels for Soldier's Pet does not share your personal information to anyone outside of our organization except as defined below, nor do we sell or rent your personal information. The only time that your personal information might be shared outside of our organization would be under the following circumstances:

- Where release is required by law (for example, a subpoena) or regulation or is requested by a government agency;
- Where our records or a message is left on our Message Board indicates that someone may be engaged in fraudulent activity or other deceptive practices that a governmental agency should be made aware of;
- To appropriate persons, where your communication suggests possible harm to others.

Keeping Your Personal Information Accurate

If your personal information changes or you would like to review the personal information we may have on file, please email us with the new information or your review request. Let us also know what led to your submission of personal information (such as, became a volunteer, applied to be a foster home caregiver, made a donation, or requested our newsletter), so that we quickly locate your information.

Computer Tracking and Cookies

Guardian Angels for Soldier's Pet website is not set up to electronically track, collect, or distribute personal information of visitors to our site. Our site logs do generate certain kinds of non-identifying site usage data, such as the number of hits and visits to our site. This information is used for internal purposes, but we cannot identify the visitor or the visitor's address.

A cookie is a small amount of data that is sent to your browser from a Web server and stored on your computer's hard drive. Guardian Angels for Soldier's Pet use non-identifying cookies to provide easier site navigation and access to forms. You can still use our site if your browser is set to reject cooks. Our cookies do not generate personal data, does not read personal data from your machine, and are never tied to anything that could be used to identify you.
