

“HELP US RAISE THE ROOF”
Capital Campaign Goal: \$35,000
(Starting 4/9/17 til goal is reached)

Since Guardian Angels for Soldier’s Pet began in January 2005, our “day-to-day operations” have been handled in the CEO’s residence (55-60% of home). Now in 2017 it is time we are working toward establishing an official “national office” to handle these operations with an actual volunteer “Admin Staff” to assist the organization’s CEO.

Besides being able to have an “Admin Staff” having a separate building, we can meet with other volunteers involved with fundraising in Central TX for the other MVP Sanctuary projects; meet with members of the military and veteran communities and other interested parties. In addition we can plan for activities/events at the MVP Sanctuary.
